Individual charter school counts

Enter total student counts for the charter school for PSD, K-8, and 9-12 students. Student count must be estimated student counts based on actual registration of students. Actual registration of PSD and kindergarten students should be divided by 2 to get estimated student counts for kindergarten. After the 100th day in session, the ADE FY 2022 ADM20 - Summary Adjusted ADM Report for the 100th day should be used, available via ADE Connect, AzEDS Portal. Schools approved to provide 200 days of instruction will adjust their FY 2023 budget for discrepancies between the FY 2022 100th-day and 200th-day student counts. (The Total K-UE report is used for K-8 and/or 9-12)

Base support level adjustments [A.R.S. §§15-943 & 15-185]

1. Check box if the school has been approved to provide 200 days of instruction by ADE. A.R.S. §15-902.04 allows schools that provide 200 days of instruction to increase the base level amount by 5 percent. To be eligible for this increase in funding, the school must be approved for 200 days of instruction by ADE and its sponsor. Schools must receive approval from ADE for FY 2022 prior to June 1, 2021. Please contact ADE's School Finance account analyst team by email with questions concerning 200 days of instruction at SFAnalystTeam@azed.gov.

2. Decrease for federal and State monies received for M&O purposes \$ _____
Enter the amount received from federal or State agencies for basic maintenance and operation of the school (except for ESEA Title VIII). Do not include federal or State grants that are received for a specific purpose. (A.R.S. §15-185)

In accordance with A.R.S. §15-185(P), the Auditor General has determined that the following federal monies meet the definition of "monies intended for the basic maintenance and operations of the school" (as referred to in that subsection), that must be used to reduce the base support level and State equalization assistance, as directed by A.R.S. §15-185(D). This list is not necessarily all-inclusive. The Auditor General may determine in the future that other federal or State grants meet the definition of "monies intended for the basic maintenance and operations of the school."

- 1. Indian School Equalization Program entitlements received for:
 - Instructional costs (basic program, gifted & talented programs, and small school adjustment)
 - Bilingual instruction costs (supplemental programs-bilingual program)
 - Exceptional child education costs (exceptional child programs)
 - Student Transportation Fund costs
 - School Board Training Fund costs (school board supplement)

Indian School Equalization Program entitlements received for boarding costs, dormitory costs, intense residential guidance costs, and pre-kindergarten costs would not be subject to the reduction.

2. Administrative cost grant entitlements received.

3. FY 2020 nonfederal audit service actual expense \$ 0.00
Schools must include audit costs for FY 2022 under "Selected expenses by type" on Budget page 2 to receive this increase. Enter the amount expended for audit services in FY 2020 from nonfederal monies to obtain the allowable increase in BSL for the budget year. Do not include the costs of consulting or other nonaudit services paid to audit firms (e.g., application fees paid for submission of school's reports to ASBO and GFOA for certification or for the preparation of the Meritorious Budget Award application to ASBO). A.R.S. §15-914(F) allows schools to increase their base support levels if audit costs will be incurred for the budget year.

4. FY 2020 federal audit service actual expense \$ _____
Enter the amount expended for audit services in FY 2020 from federal monies. Do not include the costs of consulting or other nonaudit services paid to audit firms (e.g., application fees paid for submission of school's reports to ASBO and GFOA for certification or for the preparation of the Meritorious Budget Award application to ASBO).

5. Adjustment for remote instructional time [A.R.S. §15-901.08, as added by Laws 2021, Ch.299, §4]
This line should be left blank for budget adoption. If a school provides instructional time in a remote setting beyond the thresholds prescribed in A.R.S. §15-901.08(C)(3)(b)(i) in any school year, ADE shall calculate the total percentage of remote instructional time that exceeded the threshold and fund that percentage of the base support level at 95 percent of the base support level that would otherwise be calculated for the school. ADE will notify schools of the adjustment amount, if any. Enter the amount provided by ADE, if any, as a negative number.

Increase for allocation of additional funding [2016 Prop 123 & Laws 2015, 1st S.S., Ch.1, §6]

1. School's percent of state-wide weighted student count \$ _____
Enter the school's percentage of state-wide weighted student count as reported on page 1 of its most recent Classroom Site Project Detail Report. Classroom Site Project Detail Reports can be accessed at <http://apps.azed.gov/SchoolFinanceReports/Reports>. Amounts should be entered as a decimal. For example 0.0601% should be entered as 0.000601.

Base support level amounts from total K-3 and total K-3 Reading weighted student counts

A.R.S. §15-211 requires schools to submit a plan to ADE by October 1 for improving the reading proficiency of its pupils in kindergarten programs and grades 1-3. The plan must include a budget for spending monies from both the K-3 and K-3 Reading support level weights. Schools must use monies generated by the K-3 Reading weight only on instructional purposes intended to improve reading proficiency for pupils in kindergarten through 3rd grade with particular emphasis on pupils in kindergarten through 2nd grade. The K-3 Reading weight will only be included in the School's CHAR 55-1 after the School's K-3 Reading Program Plan is approved by the State Board of Education. Increase for allocation of additional funding [2016 Prop 123 & Laws 2015, 1st S.S., Ch.1, §6]

2016 Prop 123 and Laws 2015, 1st S.S., Ch.1, §6, provides total additional funding of \$75 million to districts and charter schools on a pro rata basis. The estimated increase in additional funding is provided below. However, actual amounts will vary, and ADE will notify schools of the final amounts. Schools should include these monies in their Schoolwide Project Budget. These monies may be expended for any allowable school purpose.

Instruction

These instructions will help charter schools prepare the budget. Within the forms, blue font and light blue highlights indicate that an instruction is linked to that specific line. We have provided an instructions button that links to any general instructions or to the first instruction for a page. The forms have been set to print without "objects" so that the instructions buttons do not print.

The cells in the prior year columns on the budget forms contain formulas that will bring forward budget amounts from the FY 2021 budget forms. However, the cells have not been protected so users may also enter the information manually. To bring forward amounts automatically, the most recently revised FY 2021 budget must be saved as budget21.xls in the C:\CSFORMS folder. If the file is not named budget21.xls, the formulas will not function properly. Excel will ask the user to update information when the budget22.xls file is opened. Users should review amounts reported in the prior year column to ensure they agree to the school's most recently revised FY 2021 budget.

Schools should complete the Data Entry page before completing pages 1 through 4. To ensure that the Arizona Department of Education (ADE) can properly access the school's data, do not change formulas without specific instructions from either the Arizona Auditor General's Office, Accountability Services Division, or ADE, School Finance.

This cell will only accept entries of 9 digits. Do not include any slashes, dashes, etc. Enter the school's CTD number plus 3 zeros.

The version of the budget being submitted on the cover page is formatted with a drop-down menu. Select the appropriate choice from the menu: Proposed, Adopted, or Revised (including the revision number). Enter only menu choices in the cell.

All information on the cover page must be completed/updated when the proposed, adopted, or revised budget is printed out for the Governing Board to sign. All information, excluding the revenue information, must also be updated when the budget is revised.

Base estimated revenues by source for FY 2022 on the best information available at the time the budget is prepared. Estimated revenues may be more or less than estimated expenses.

In accordance with A.R.S. §15-189.05, a school's budget shall include the prominent display of the average salary of all teachers the school employed for the budget and prior years, and the increase in the average salary of all teachers the school employed for the budget year reported in dollars and percentage. Schools must also prominently post this information on their home page separately from its budget. The statute does not provide a definition of a teacher. Each charter should be consistent in the type of salary information included in this table from year to year. An optional comment box is available to provide any additional detail regarding the average teacher salary calculation. Schools should revise the average teacher salary information anytime it submits a revised budget to ADE.

Fill in the contact information for all positions listed on this tab. If any of the positions do not exist at your school, please fill in the appropriate person to contact related to that topic.

Instruction

Only report budgeted expenses for 1000-Schoolwide Project and 1500-1999-Other Special Projects on lines 1 through 32. Do not include the Classroom Site Project (project code 1010), Instructional Improvement Project (project code 1020), Structured English Immersion Project (project code 1071), Compensatory Instruction Project (project code 1072) or Federal and State projects (project codes 1100 through 1499) expenses.

Report budgeted expenses for programs 200-special education and 270-vocational and technical education on lines 16-27. Report budgeted expenses for program 400-pupil transportation on line 28.

Do not report depreciation expense on the budget forms. Only report purchases of capital assets (land and land improvements, site improvements, buildings and building improvements, equipment, and construction in progress) in the capital acquisitions section of page 2.

Schools should budget for K-3 Reading Program expenses in program code 550.

The State Board of Education must give approval to a school before any portion of the monies generated by the K-3 Reading support level weight may be distributed to the school. A.R.S. §15-211. Contact ADE's Move on When Reading program area with questions concerning the K-3 Reading plan requirement and approval status at:

<http://www.azed.gov/mowr/>

Include the total of federal and State project expenses (project codes 1100 through 1499 from page 2) on line 37. Schools should not include federal and State project expenses with other Schoolwide Project expenses on lines 1 through 36.

Schools participating in the Arizona State Retirement System should budget in object code 6200 at the rate of 12.22 percent for retirement contributions and 0.19 percent for long-term disability contributions for covered positions. For positions subject to the Alternate Contribution Rate, schools should budget at the rate of 10.22 percent.

Separate accountability is required for each federal and State project. Therefore, charter schools should estimate the expenses for each federal or State project in which the school participates. The totals on line 33 should agree with the total columns for federal and State projects on line 37 of page 1. A.R.S. §15-1261 requires charter schools to establish an E-rate Project to account for any E-rate funding the school receives. Include monies budgeted for the E-rate Project and monies received from the Coronavirus Aid, Relief, and Economic Security (CARES) Act, the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, the American Rescue Plan (ARP), and any other COVID-19 federal relief projects, including Elementary and Secondary School Emergency Relief (ESSER, ESSER II, and ESSER III), the Governor's Emergency Education Relief (GEER, GEER II), and Enrollment Stability Grant (ESG) monies within Other Federal Projects on line 17.

Instruction

Schools that receive monies from the College Credit By Examination Incentive Project per A.R.S. §15-249.06 should deposit them in Project 1456—College Credit Exam Incentives. Distribute at least 50 percent of the bonus monies received from this program to the classroom teacher for each student who passes a qualifying exam and to other teachers of relevant subjects who instructed that student, including but not limited to teachers in the same department or subject matter that contributed to the student passing the exam, as identified by the governing body or the school principal. The remainder of any bonus monies received from this program must be allocated by the school principal on behalf of students who receive a passing score and may be used for teacher professional development or student instructional support, reimbursement of exam fees, or instructional materials.

Schools that receive monies from the Results-based Funding Project per A.R.S. §15-249.08 should deposit them in Project 1457—Results-based Funding. Monies received should not supplant monies budgeted or received from any other source that are generally provided to that school. The majority of the monies received must be used at the school that earned the results for teacher salaries, to hire teachers, for school leader salaries, for classroom supplies and for other strategies to sustain outcomes for students at that school. A portion of the monies received may be used for expanding and replicating that school site as a quality school model.

Schools that receive monies from the Arizona Industry Credentials Incentive Project per A.R.S. §15-249.15 should deposit them as a separate State project using project object code beginning with 14XX. Monies received must be used for instructional costs and professional development for a career technical education program teacher to become a certifying professional for an approved certificate, credential or license; to offset the students' cost of certification, credentialing or licensure; for developmental costs related to creating, expanding or improving an approved site of a certificate, credential or license career technical program or course; for instructional hardware, software or supplies required for the certification, credentialing or licensure; for career exploration in any school grade and awareness activities for parents, students and the community for the approved sectors.

Enter the increase in the capital asset accounts (intangible assets, land and land improvements, site improvements, buildings and building improvements, equipment, and construction in progress) for assets to be acquired by purchase, lease purchase, or construction for all projects.

If the school budgets for capital acquisitions related to the K-3 Reading Program, include the increase in the capital asset accounts for those acquisitions by asset type on lines 1 through 6. The total of all capital acquisitions for the K-3 Reading Program should be reported on line 8.

Schools budgeting for special education expenses in program code 200 should report amounts allocated by program type on page 2. Supporting documentation should be retained for the allocation of expenses budgeted for individual special education programs.

Schools should budget total expenses for the disability classifications defined in A.R.S. §15-761.

Schools should budget for total transportation expenses within program 400 for transporting students whose IEPs will require transportation as necessary for the provision of free and appropriate public education (FAPE).

Instruction

Audit services expense should be the total audit costs to be incurred during the budget year.

Classroom instruction expenses should be the total of expenses budgeted in function code 1000 for program codes 100, 200, and 500 for the budget year.

Schools participating in the National School Lunch Program are required to spend a portion of their State equalization assistance to support the operation of their food service program. Schools must report on their budget the amount of State equalization assistance that will be expended for their food service program during the 2022 school year. This amount will be used to determine school compliance with State matching requirements pursuant to CFR Title 7, §210.17(a). ADE's Health and Nutrition Services will verify that the amount reported on the budget was reported as spent when schools' annual financial reports are submitted. Direct any questions related to State matching requirements to Health and Nutrition Services at (602) 542-8700.

See USFRCS page III-B-1 for guidance on using the Instructional Improvement Project (Project 1020).

Instructional Improvement Project monies spent for dropout prevention programs and instructional improvement programs must be spent for maintenance and operation purposes only.

Debt service amounts should include budgeted interest and redemption of principal for all programs. Interest should be budgeted expenses for object code 6850. Redemption of principal should include budgeted payments for principal on capital leases and other long-term debt that will be recorded as a reduction of the related liability.

Report the estimated full-time equivalent (FTE) certified, noncertified, and contract teachers on lines 1-3, respectively. These amounts may include fractional FTE for part-time teachers. A teacher should be reported on only 1 line. If a teacher is both a certified and contract teacher, report only the applicable FTE on line 3. Do not include instructional aides or assistants.

Schools receive revenues from the Classroom Site Project (CSP) each year. A.R.S. §15-977(G)(1) requires the Joint Legislative Budget Committee to calculate an estimated per pupil amount each year. For FY 2022, the estimated cash payment is \$733 per "Group A weighted" pupil (CHAR55 Tab, Total of Non-AOI weighted student count—line 17, AOI full-time weighted student count—line 52, and AOI part-time weighted student count—line 86). The FY 2022 CSP YTD Payments Reports will be available on ADE's website beginning in August 2021 at <http://apps.azed.gov/SchoolFinanceReports/Reports>

Instruction

Expenses made from the CSP (1010) should be made in accordance with A.R.S. §15-977. Schools may establish any CSP subprojects (1011-1019) to track monies for specific allowable purposes or separately account for carryover balances and other one-time CSP monies. One total budget for all CSP monies must be reported here, in Project 1010.

In accordance with A.R.S. §15-977(H), expenses for teacher liability insurance premiums may be allowable under CSP—1010.

Include allowable CSP amounts for function 3300—community service operations on this line. For example, if a charter included a community school program, such as preschool for children without disabilities, as a CSP-eligible program related to its educational mission, expenses for teacher salaries and related expenses may be allowable under CSP.

Include allowable budgeted property disbursement, interest, and redemption of principal payments made in accordance with §15-977. Property disbursements should include budgeted payments for capital acquisitions, not including related capital lease or other debt service payments. Budgeted interest expenses will be charged to object code 6850. Redemption of principal should include budgeted payments for principal on capital leases and other long-term debt that will be recorded as a reduction of the related liability.

See USFRCS page III-B-2 for guidance on using the English Language Learner Project (Project 1071). To efficiently record English Language Learner expenses, schools should be using program code 260, special education—ELL incremental costs and program 430, pupil transportation—ELL incremental costs, as applicable.

See USFRCS page III-B-2 for guidance on using the Compensatory Instruction Project (Project 1072). To efficiently record English language learner and compensatory instruction expenses, schools should be using program codes 265, special education—ELL compensatory instruction and program 435, pupil transportation—ELL compensatory instruction, as applicable.

The information on the Budget Summary is self-populating and will be automatically brought forward from the other pages of the Budget.
